

K-LOVE radio station is an important part of thousands of Americans' daily lives. They uplift and encourage people everyday with their amazing love songs to God. If it were displaced by and LPFM station, hundreds of lives could be lost without their daily encouragement. K-LOVE even sends those who want them, daily encouraging scriptures. I believe K-LOVE is in the public interest because it saves thousands of lives each year, keeps those who are struggling on track, and is a positive, encouraging station. It helps me out each day by showing me that the Lord is always there for me. Even though they may act goofy sometimes, they are very serious about the people they help and the lives that their station saves. Please keep K-LOVE on the air. K-LOVE helps Jesus save!
